

TDaP Information

Starting July 1, 2011, all students attending grades 7-12 in California are required to have a **TDaP** (**T**etanus, **D**iphtheria, and **a**cellular **P**ertussis) booster shot. **California law (Assembly Bill 354)** requires this booster shot on or after the 7th birthday.

If your child **has** already received this immunization, **please bring a copy of the updated immunization record to your school office for our records.**

If your child **has NOT** met this requirement, see your doctor or the health department. As soon as it is given, **please bring a copy of the updated immunization record to your school office for our records.**

Students with a signed TDaP waiver already on file are exempt from this requirement.

{ EMERGENCY LEGISLATION PASSED to allow 30 day extension }

Students in grades 7-12, who do not provide proof of meeting this requirement by the start of school (August 10) **will have up to 30 days** (September 12) to meet the requirements for the 2011-2012 school year. **Students who do not provide proof of meeting this requirement by September 12 will NOT be allowed to continue attending school until the immunization requirement is met.**

If you have any questions, please contact your school nurse.

Sandy Barrios, R.N., School Nurse: 916-770-8800 ex. 3125

- o Antelope Crossing Middle School

Candy Wolf, R.N., School Nurse: 916-770-8800 ex. 3136
