From the following screen you have many options.

1. **Plug-ins:** If you need to download any of the required Plug-ins, click on the specific Plug-in link in the green box in the middle of the page.
2. To go to a specific **chapter** in the book, use the **drop down list** in the upper left hand corner of the window.
3. To go to a specific **page** in the book, click on the **Book Page tab** in the upper left hand corner of the window.
4. If you want additional practice, click on the **Additional Practice tab** in the upper left hand corner of the window.
5. If you want to view a video explaining a particular lesson, click on the **Videos & Activities tab** in the upper left hand corner.

The screenshot shows the Holt California Mathematics Course 1 online interface. At the top, there is a navigation bar with the Holt McDougal logo and links for Home, Help, Holt Online Learning, and Logout. Below the navigation bar, there are two dropdown menus: 'Select a chapter' and 'Select a lesson or feature', followed by a 'Go!' button. The main content area features three tabs: 'Book Pages', 'Additional Practice', and 'Videos & Activities'. A 'How to Get Started' section provides instructions for using the site, including a 'Browsers & Plug-ins' box that lists required software: Internet Explorer 5.1+, Flash 8+, and QuickTime 7+. Red arrows point to the 'Book Pages', 'Additional Practice', and 'Videos & Activities' tabs. A red box highlights the 'Browsers & Plug-ins' section.

Select a Chapter

- Select the chapter you want from the drop down list. Click the **GO!** Button.
